

Recommended Plants for Attracting Pollinators & Other Beneficial Insects

By Colleen Miko, CPH

*Acer spp.** (maple) Aceraceae **N****
Achillea millefolium (yarrow) Asteraceae **P**
Agastache foeniculum (anise hyssop) Lamiaceae **N**
Amelanchier alnifolia (serviceberry) Rosaceae **PN**
Anethum graveolens (dill) Apiaceae **N**
Anthriscus cerefolium (chervil) Apiaceae **N**
Aquilegia formosa (Cascade columbine) Ranunculaceae **N**
Arctostaphylos spp. Ericaceae **N**
Aster spp. Asteraceae **PN**
Berberis sp. Also known as Mahonia (Oregon grape) Berberidaceae **PN**
Borago officinalis (borage) Boraginaceae **N**
Calendula officinalis Asteraceae **PN**
Carum carvi (caraway) Apiaceae **N**
Caryopteris sp. (bluebeard) Verbenaceae **PN**
Centaurea cyanus (bachelor's button) Asteraceae **PN**
Ceanothus spp. (California lilac) Rhamnaceae **PN**
Coreopsis spp. Asteraceae **PN**
Corylus cornuta var. californica (hazelnut) Betulaceae **PN**
Cosmos spp. Asteraceae **PN**
Echinacea purpurea (coneflower) Asteraceae **PN**
Epilobium augustifolium (fireweed) Onagraceae **PN**
Eriogonum spp. (buckwheat) Polygonaceae **N**
Eschscholzia californica (California poppy) Papaveraceae **P**
Gaillardia sp. Asteraceae **PN**
Helenium sp. (sneezeweed) Asteraceae **PN**
Helianthus (sunflower) Asteraceae **PN**
Holodiscus discolor (oceanspray) Rosaceae **N**
Hyssopus officinalis (Hyssop) Lamiaceae **N**
Lavandula spp. (lavender) Lamiaceae **N**
Lilium sp. Liliaceae **N**
Lobularia maritima (sweet alyssum) Brassicaceae **N P**
Marrubium vulgare (horehound) Lamiaceae **N**
Monarda spp. (beebalm) Lamiaceae **N**
Nepeta spp. (catnip) Lamiaceae **N**
Origanum spp. (oregano and marjoram) Lamiaceae **N**
Penstemon spp. (beardtongue) Scrophulariaceae **N**
Petroselinum crispum (parsley) Apiaceae **N**
Phacelia spp. (bluebells) Hydrophyllaceae **PN**
Ribes sp. (currant) Grossulariaceae **N**
Rosa spp. (roses) Rosaceae **P**
Rudbeckia hirta (blackeyed susan) Asteraceae **PN**
Salix (pussywillow) Salicaceae **P**
Salvia spp. (sage) Lamiaceae **N**
Sedum (stonecrop) Crassulaceae **N**
Solidago spp. (goldenrod) Asteraceae **PN**
Tanacetum parthenium (feverfew) Asteraceae **PN**
Thyme spp. Lamiaceae **N**
Trifolium sp. (clover) Fabaceae **N**
Vaccinium spp. (blueberry, huckleberry, cranberry) Ericaceae **N**
*spp.—several species ****P-- source of pollen** **N-- source of nectar**
